NOTES

Top Access Cleanroom Walkable Luminaire: KL-WALKF-LED

1x4, 2x2, 2x4 RECESSED LUMINAIRE WITH TOP ACCESS FOR 2" - 3" WALKABLE CEILINGS

- Recessed top access design for walkable ceilings
- Designed to withstand a direct static load of 840lbs (intended to be walked on)
- Flush top access design eliminates tripping hazard on service side of ceiling
- Field adjustable to accommodate 2" to 3" thick walkable ceilings
- Door frame does has easy clean construction with no exposed fasteners
- Suitable for installation into ISO3 through ISO9 Cleanrooms
- Top cover is removable without breaking seal on environmental side

Ordering Notes, If Applicable

Top Access Cleanroom Walkable Luminaire: KL-WALKF-LED

1x4, 2x2, 2x4 RECESSED LUMINAIRE WITH TOP ACCESS FOR 2" - 3" WALKABLE CEILINGS

SPECIFICATIONS

TOP COVER: Constructed of 14ga steel with reinforcement braces to withstand intentional walk on loads up to 840lbs without damage to the luminaire. The top cover is the removable and replaceable from the service side of the walkable ceiling and has all of the electronic components.

HOUSING: Sturdy 14ga steel housing is designed to support the load onf the top cover while additionally clamping the ceiling with the door frame. Field adjustable design allows for installation into ceilings ranging from 2" to 3" thickness available in nominal 1x4, 2x2, & 2x4 sizes.

DOOR FRAME: Door frame is the only exposed component on the environmental side of the ceiling. The door frame secures from the service side of the ceiling and clamps the ceiling with the housing. Die formed 1 piece construction without exposed fasteners allows for a smooth and easily cleanable design.

OPTICS: Standard P12 prismatic acrylic lens is provided when no other options are selected. All prismatic lensing options come with an inverted lens so the smooth side faces the room for easy cleaning. All optics are sealed to the door with NSF listed RTV silicone sealant. Other optics are available, consult factory for more information or options not listed.

FINISH: Stainless steel door frames are satin polished unless WHT or AMW options are selected. All other materials are provided with gloss high reflectance white polyester powdercoat with 1000hr salt spray test per ASTM B117. AMW option provides a white anti-microbial polyester powder coat to all exposed surfaces.

ELECTRONICS: Commercially available in a wide variety of Color Temperature (CCT), FLUX, and CRI. Highly efficient and consistent color maintained to 3 SDMC for color critical applications. B50/L70 and compliant with Zhaga recognized hole patterns. Drivers are class 2 UL Listed and factory programmable. The factory programmable 0-10v 5% dimming power supplies are intended for industrial applications and come with built in 6kv surge protection. Consult factory for options not listed on spec sheet for availability.

LISTINGS & PERFORMANCE: IP66 rated for dust and water ingress & suitable for 1700 PSI high pressure hoedowns. Suitable for use in ISO3-9 Cleanrooms. Designed and constructed to adhere to NSF2 splash zones and UL1598 wet location standard requirements. Drivers and LEDs are covered by a 5 year warranty, the remaining fixture is covered by a 10 year warranty. This product is Buy American Act (B.A.A.)a prismatic acrylic lens, see options for other available lensing. Available in powdercoated CRS or polished stainless steel.
